Dear Chairman DeFazio and Ranking Member Graves,

I am requesting funding for the city of Centennial's Easter Avenue and Havana Street improvement project in surface transportation reauthorization legislation.

The project sponsor for this project is the city of Centennial and the project will be located at the intersection of Easter Avenue and Havana Street in Centennial, Colorado.

The funding is designated for a reconfiguration of the traditional intersection into a displaced left turn by installing a sweeping curve for NB/EB and WB/SB traffic and replacing the single signalized intersection with three separate two-phase traffic signals. Pedestrian improvements in the form of sidewalk connections will accompany the project along with necessary ADA ramps and access points.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jason Crow".
