ICE AURORA CONTRACT DETENTION FACILITY ACCOUNTABILITY REPORT

The Trump Administration informed Congressman Crow's office in February 2025 that it would no longer respond to regular oversight electronic information requests. These requests have been used by Congressman Crow's office under the first Trump Administration and the Biden Administration to complete and corroborate the information provided in these reports, including during the COVID-19 pandemic.

However, as of September 2025, ICE staff will no longer verbally provide information requested by congressional staff during oversight visits for the completion of these regular accountability reports. Congressional staff were instead directed to submit requests for information for the completion of these reports to the ICE Office of Congressional Relations (OCR).

Congressman Crow's staff submitted an electronic information request on February 6, 2026. OCR has not sent over the information requested at this time.

Despite shifting ICE OCR policies, it is a priority for Congressman Crow to provide proper congressional oversight of the Aurora Contract Detention Facility. Congressman Crow and his Congressional office will continue making good-faith efforts to visit the facility and obtain electronic records updates from ICE.

SUPPLEMENTAL NOTES:

The contents of this report were derived from an unannounced in-person Congressional oversight visit conducted by Congressman Crow and Congressman Neguse. No congressional staff were permitted to join. This visit followed a ruling by Judge Jia Cobb that temporarily blocked a January 8, 2026, memo issued by the Department of Homeland Security that unlawfully requires Members of Congress to provide seven days notice in advance of conducting Congressional oversight visits of facilities used for federal immigration detention.

During this visit, ICE and GEO staff were unable to provide fulsome answers to some of the questions contained within this report. Congressman Crow's staff submitted a written request for information on February 6, 2026.
