May 23, 2025

Dear Congressman Crow,

On behalf of the City of Littleton, I am writing to express our strong support of Littleton Public Schools request for a grant through the Community Projects or Congressionally Directed Spending program. The Littleton Public Schools' grant application to improve, repair and make accessibility upgrades to playgrounds across the school district has direct benefit for students as well as our entire community.

Littleton is proud to partner with and support initiatives that promote inclusivity, accessibility, and equity. Ensuring that all playgrounds offer access in compliance with the Americans with Disabilities Act (ADA) is essential to creating welcoming and inclusive spaces for every child and family in our city. The proposed improvements will allow students, parents, and community members of all abilities the opportunity to enjoy safe, accessible recreational spaces.

This initiative aligns with Littleton's commitment to supporting our residents' health, well-being, and engagement. We believe that enhancing playgrounds to meet ADA standards will foster greater community connection and ensure that every child, regardless of physical ability, can experience the joy and developmental benefits of play.

The City of Littleton fully supports Littleton Public Schools in this important effort and looks forward to its positive impact on our shared community.

Sincerely,

A handwritten signature in blue ink that reads 'Mike Gent'.

Mike Gent  
Deputy City Manager
