ICE AURORA CONTRACT DETENTION FACILITY ACCOUNTABILITY REPORT

Beginning in March 2025, the Trump Administration informed Congressman Jason Crow's office that they will no longer provide electronic files and written updates relevant to the completion of accountability reports detailing conditions at this facility.

Despite this, it is still a priority for Congressman Crow to provide proper congressional oversight of for-profit detention centers, including the Aurora ICE Processing Center. Congressman Crow and his congressional office will continue making good-faith efforts to visit the facility and obtain verbal updates from ICE.

SUPPLEMENTAL NOTES:

On July 20, 2025, Congressman Jason Crow and staff arrived at the Denver Contract Detention Facility located in Aurora, Colorado to conduct a routine, unannounced oversight visit of the facility. Section 527 of Public Law 118-47 states that Members of Congress conducting an oversight visit of any facility operated by or for the Department of Homeland Security (including any facility operated by a private contractor with the Department) used to detain or otherwise house aliens must be granted access and may not be prevented from entering immediately. This oversight request was denied by the Department of Homeland Security.

The Department's reply states, in part:

"When planning to visit an ICE detention facility, DHS requires requests be made a minimum of seven calendar days in advance for scheduling. Any requests to shorten that time must be approved by the DHS Secretary. Visit requests should be submitted during normal business hours to ICE's Office of Congressional Relations (OCR) at CongressToICE@ice.dhs.gov. Visit requests are not considered actionable until receipt of the request is acknowledged by OCR to the requestor. Requests received after hours or on weekends/holidays will be confirmed on the next business day. OCR will work with the appropriate ICE Field Office to coordinate the visit request and will confirm details as soon as practicable."
