The Honorable Rosa DeLauro

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Colorado Construction and Structural Trades Workforce Hub at CCA project in Fiscal Year 2027. The entity to receive funding for the project is the Community College of Aurora located at 16000 E Centretech Parkway, Aurora, Colorado, 80011.

The funding would be used to purchase essential equipment for the Colorado Construction and Structural Trades Workforce Hub, including mobile welding laboratory equipment, HVAC training equipment, construction and electrical training equipment, and manufacturing pilot equipment. This project is an appropriate use of taxpayer funds because the proposed equipment purchases will be used to prepare students for immediate employment in high-demand fields and address regional workforce needs in construction management, HVAC, electrical systems, and structural trades.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1).

I certify that I have no financial interest in this project and neither does anyone in my immediate family.

Sincerely,

Jason Crow
Member of Congress
