The Honorable Rosa DeLauro
Chairwoman
House Committee on Appropriations
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
Washington, DC 20515

Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Aurora Pressure Regulating Valve Relocation project in fiscal year 2024. The entity to receive funding for the project is the City of Aurora located at 15151 E. Alameda Parkway, Aurora, CO 80012.

The funding would be used to relocate, and make improvements on, pressure regulating valves (PRVs) which were installed in the 1950s and 1960s. PRVs regulate pressure in distribution systems which reduce main breaks. The project is an appropriate use of taxpayer funds because PRVs are critical infrastructure and this investment will increase the overall integrity of the City of Aurora's distribution system which serves to further increase the reliability of their fire prevention systems. This project will serve approximately 18% of the current population in Aurora.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jason Crow".
